<h1 id="siteTitle" class="text-3xl md:text-4xl font-black mb-3" style="color: var(--primary-action);">The Interactive E-Rubric for Parent-Led Assessment</h1>
An interactive tool to help prepare children for school success
<!-- What is School Readiness -->

<h2 class="text-xl font-bold mb-3 flex items-center gap-2">🧠 What is School Readiness?</h2>
School readiness means your child has the basic skills needed to learn and thrive in a classroom. It includes physical abilities, social skills, language, thinking skills, and daily self-care. Every child develops at their own pace — this tool helps you see where your child shines and where they might need a little extra support.
<!-- Summer Slide -->

<h2 class="text-xl font-bold mb-3 flex items-center gap-2">⚠️ What is the Summer Slide?</h2>
The "Summer Slide" is when children lose some of the skills they learned during the school year because they don't practice over summer break. Research

shows that without engaging activities, children can fall behind. This tool gives you simple, fun activities to keep learning going all summer long!
<!-- Purpose -->

<h2 class="text-xl font-bold mb-3 flex items-center gap-2">🎯 Purpose of This Tool</h2>
This E-Rubric helps you assess your child's readiness, identify areas that need attention, and provides activities you can do at home. It's simple, mobile-friendly, and designed with love for Filipino families.

<li>Complete the assessment for each domain first.</li>
<li>Note which skills your child answered "NO" for.</li>
<li>Go to the matching Action Plan section.</li>
<li>Pick 1–2 activities per day. Keep it short and fun!</li>
<li>Watch the videos together with your child.</li>
<li>Print worksheets if you can, or draw them by hand.</li>
<li>Celebrate every small win! 🎉</li>
</ol>

⚠️ No pressure! This is not a test. It's a guide to help your child grow with love and fun.
